Infra Control  
Systems  
A-9, Triloknagar Society,  
GotriVasna Link Road,  
Vadodara -390021

**Letter of Appreciation**

This is to endorse that Infra Control Systems Vadodara led by Mr.KalpeshkumarVaghela,VibhutiVaghela and team were engaged for Computer System Validation for our laboratory "Doctors' Analytical Laboratories Pvt Ltd", which is into the business of Testing & Inspection of Food, Water and Pharmaceuticals.

We were given hands on support with patience and systems were validated with respect to GAMP5, CFR part11 – Annex 11 and Data Integrity controls.

We are more than happy with their work on our Laboratory Instruments such as ICP MS and LCMSMS and Excel validation.

They also provided us Audit support during US FDA audit and Training on GAMP5 and CFR Part11 with CSV Deliverable.

The training was of high quality and in detail. It helped our staff to know about various aspect of the Software Validation and Computer System validation.

We are more than happy with delivery of all the subject discussed and would strongly recommend them for compliance training on various aspect of software validation services.

FOR DOCTORS ANALYTICAL LABORATORIES PVT. LTD
